STATINTL

Dear [Redacted]

Thank you for your letter of January 22, 1957, informing us of your objective of providing helicopter service which will include the Langley-McLean, Virginia, area among your proposed stops.

Our plans have not progressed sufficiently at this time to permit our serious consideration of your suggestion that the Central Intelligence Agency enter a contract contemplating continuing use of a helicopter exclusively to meet the joint requirements of the Atomic Energy Commission and this Agency. In all probability, we shall be discussing with representatives of the Atomic Energy Commission other matters of mutual concern relating to our new buildings, and we shall be glad to explore this question with them at that time. In the event it appears desirable to seek further detailed information as our planning progresses, we shall call upon you. In the meantime, we have placed your brochures in our active files for future reference.

Your interest in the matter is appreciated.

Sincerely,

*Signed*

L. K. WHITE  
Deputy Director
